

ASCE LIBRARY 2024 SUBSCRIPTION PLANS AND PRICING

Online Subscriptions	Discount Pricing	Coverage
ASCE LIBRARY COLLECTION Access Journal backfile from 1983-present SAVE 35%	\$26,400 \$38,235 value Annual lease	Contains the 5 packages below Journals, Proceedings, E-books and Standards, <i>Civil Engineering Magazine</i> and <i>GEOSTRATA</i>
ALL JOURNALS SAVE 35%	\$19,575 \$31,839 value Annual lease	34 ASCE Journals <ul style="list-style-type: none"> • 100,000 technical papers • Access backfile from 1983 to present
PROCEEDINGS SAVE 35%	\$1,780 <i>(Discount price for All Journals subscribers)</i> \$2,890 value Annual lease	750+ Proceedings titles <ul style="list-style-type: none"> • 70,000 technical papers • Access backfile from 2000 to present
E-BOOKS & STANDARDS (One-time, perpetual access option available. See reverse for details.)	\$6,386 Annual lease	550+ ASCE E-books & Standards <ul style="list-style-type: none"> • Chapter level access
CIVIL ENGINEERING MAGAZINE (One-time perpetual access option available. See reverse for details.)	\$358 Annual Lease	<ul style="list-style-type: none"> • 1,400 feature articles and columns • Access backfile from 2005 to present
GEOSTRATA	\$358 Annual Lease	<ul style="list-style-type: none"> • 500+ feature articles and columns • Access backfile from 2016 to present

NEW ASCE Library Interface

ASCE is pleased to announce the launch of our redesigned ASCE Library platform. The site offers improved search functionality, hierarchical taxonomy, enhanced accessibility, and a new author center. Learn more at <https://ascelibrary.org>.

ASCE Conference Video Collection

The ASCE Conference Video Collection subscription is a cost-effective way for you to introduce researchers, practitioners, faculty, and students to the latest technical developments in the field. The full multimedia conference experience expands beyond traditional print proceedings papers.

Your patrons can visually engage with early-stage research they may have missed, or revisit content they saw at an event. Session recordings and posters specific to an ASCE proceedings paper are linked for ease of use from either the ASCE Library or the Conference Video Collection, allowing users to benefit from both media. The intuitive user experience provides easy access to the latest engineering research to advance the civil engineering profession.

Features and Benefits

- **Highly Discoverable and Accessible** – Content is indexed in all major services including Google, Google Scholar, Baidu, Elsevier (Ei Compendex), Clarivate Analytics (Web of Science), ProQuest, Civil Engineering Database, TRID, OCLC (WorldCat), IET/INSPEC, Crossref, SCOPUS and EBSCOHost.
- **Secure Archiving** – ASCE’s digital journal and e-book content is securely archived in Portico and CLOCKSS. The archival record includes the back issues of all ASCE Journals and e-books currently hosted by ascelibrary.org.
- **Librarian Services** – Library administrators have access to run COUNTER 5 compliant usage statistics, update IP addresses, set up institutional branding, download KBART and MARC records, and update link resolvers.
- **Remote Access Options**
 - **Proxy IP or VPN** – Any institution that uses IP addresses to authenticate users can use Proxy IP addresses (e.g. EZproxy) or VPN to authenticate remote users.
 - **Shibboleth and OpenAthens** – We support federated authentication for institutions.
 - **ASCE Library User Login** – Users who log in to their ASCE Library registered account from a campus IP address (including a proxy server or VPN) will be associated with their institution which enables off-campus access while logged in as an ASCE Library user.
 - **Universal CASA** – Users can affiliate with their institution when they access content from a campus IP address (including a proxy server or VPN), which then enables access to their library’s ASCE holdings when using a device not connected to their institution’s network.

If you have any remote access needs, please contact ASCE Customer Service at ascelibrary@asce.org and we will work with you.

Ordering Information

- All subscriptions must be prepaid. Subscriptions are accepted on a one-year basis only. Multiple-year subscriptions will not be accepted. If previous volumes of the journals are requested, they will be charged at the 2024 subscription price.
- All journal subscriptions are entered on a calendar-year basis. Service begins upon receiving a paid order; back issues for the current year will be sent on all subscriptions. *Civil Engineering* magazine print subscriptions are entered on a random-expire basis and begin upon receipt of a paid order. If back issues of *Civil Engineering* are requested, they will be charged at the single issue rate of \$50/issue.
- Domestic rates apply only to the U.S. and possessions. International rates apply for all other countries. For journals and *Civil Engineering* magazines shipped to international destinations, air delivery service is included in the price.

- There are no agency or library discounts given on subscriptions.
- Prices are subject to change without notice.
- Send all orders, payments, and inquiries to:
American Society of Civil Engineers
Subscription Orders, P.O. Box 79162, Baltimore, MD 21279-0162

Usage Rights

Usage rights of active institutional subscribers will be governed by the terms of the current Institutional Online User License, a signed copy of which must be submitted to ASCE. E-mail ascelibrary@asce.org for a copy of the license. Note: To view ASCE's online journals, institutions must have either a fully paid print+online or online only subscription to the current 2024 subscription year.
