|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| SIMILARITY IN UNLINED IRRIGATION CANAL SYSTEMS, by<br>Kenneth V. H. Smith (Jan., 1970. Prior Discussion: Oct., 1970).<br>closure .....                                                                                                                                                                                                                             | 728  |
| RESERVOIR SYSTEM DESIGN OPTIMIZATION, by Richard J.<br>Butsch (Jan., 1970. Prior Discussion: Oct., 1970).<br>closure .....                                                                                                                                                                                                                                         | 731  |
| MANNING FORMULA—A MISNOMER?, by Garnett P. Williams<br>(Jan., 1970. Prior Discussions: June, Sept., Oct., 1970).<br>closure .....                                                                                                                                                                                                                                  | 733  |
| SEEPAGE STUDY USING ELECTRICAL ANALOG, by Heinz<br>Stefan and Johannes Meyer (Feb., 1970. Prior Discussion:<br>Oct., 1970).<br>closure .....                                                                                                                                                                                                                       | 735  |
| FLOW ANALYSIS OF LARGE TRIANGULAR WEIR, <sup>a</sup> by Donn G.<br>DeCoursey and Bruce J. Blanchard (July, 1970. Prior Discus-<br>sions: Dec., 1970, Apr., 1971).<br>by T. R. Chandrasekhara and S. Venkataramana .....                                                                                                                                            | 736  |
| COMPUTER DETERMINATION OF FLOW THROUGH BRIDGES, <sup>a</sup><br>by Bill S. Eichert and John Peters (July, 1970).<br>by Chesley J. Posey .....                                                                                                                                                                                                                      | 736  |
| DISTRIBUTION OF TRACTIVE FORCE IN OPEN CHANNELS, <sup>a</sup><br>by Viswanathan C. Kartha and Hans J. Leutheusser (July, 1970.<br>Prior Discussions: Nov., 1970, Apr., 1971).<br>by K. G. Ranga Raju and A. P. Bahadur .....                                                                                                                                       | 738  |
| SEDIMENT TRANSPORTATION MECHANICS: J. TRANSPORTA-<br>TION OF SEDIMENT IN PIPES, <sup>a</sup> by the Task Committee for<br>Preparation of the Sedimentation Manual Committee on Sedi-<br>mentation of the Hydraulics Division, Vito A. Vanoni, Chmn.<br>(July, 1970. Prior Discussions: Jan., Mar., Apr., 1971).<br>by Robert R. Faddick and Henry A. Babcock ..... | 745  |
| NONEQUILIBRIUM TRANSPORT OF SUSPENDED SEDIMENT, <sup>a</sup><br>by Allen T. Hjelmfelt and Charles W. Lenau (July, 1970).<br>by A. N. Biswas and A. Sen .....                                                                                                                                                                                                       | 747  |
| CALIBRATION OF WALNUT GULCH SUPERCRITICAL<br>FLUMES, <sup>a</sup> by Wendell R. Gwinn (Aug., 1970. Prior Discus-<br>sions: Jan., Apr., 1971).<br>by Roger E. Smith and Leonard J. Lane .....                                                                                                                                                                       | 749  |
